

**Remarks:**

In the Notice of Allowance dated July 12, 2004, the Examiner allowed claims 3-11 and 35. The Examiner also entered an Examiner's Amendment cancelling claims 26-29 and claims 31-33. The Examiner's Amendment is acceptable to the Applicants, such that claims 1-2 and 12-34 are cancelled without prejudice or disclaimer.

In this Rule 312 Amendment, Applicants request amendment of the Specification to include a patent number for an application referenced in the originally-filed Specification and incorporated by reference. Further, Applicants request amendment of dependent claim 7. As amended in the last Amendment, dated May 14, 2004, dependent claim 7 lacked an antecedent basis for the "rotatably-supported body." Applicants submit that the amendment to dependent 7 does not change the scope of claim 7 and is only be submitted to correct a non-substantive error.

This Rule 312 Amendment is being submitted after receipt of the Notice of Allowance but prior to payment of the issue fee. Any additional fee which might be due in connection with this application should be applied against our Deposit Account No. 19-0522.

Respectfully submitted,
